

SIAM Journal on Control and Optimization

Capturing Examples in Mathematical Control

Editor-in-Chief

Huyên Pham

Universite de Paris

Publishes research articles on the mathematics and applications of control theory and on those parts of optimization theory concerned with the dynamics of deterministic or stochastic systems in continuous or discrete time or otherwise dealing with differential equations, dynamics, infinite-dimensional spaces, or fundamental issues in variational analysis and geometry.

This journal treats the mathematical foundations of control and optimization as well as disciplines like mathematical finance that these have spawned.

epubs.siam.org/sicon

ISSN: 0363-0129 (print) / 1095-7138 (electronic)
Frequency: electronically published continuously
Year established: 1962
Formats: electronic and print
2024 volume number: 62
2024 rates: electronic only \$1,351 / print add-on \$261
